

MAP INFORMATION

THE BUILDING

The building is located on Robinson Street across from Lake Eola. It is a 6-story glass building known as The Landmark Center. There are two buildings. Our office is in Landmark Center One, at 315 E. Robinson Street, Suite 255.

Since no parking is allowed on Robinson Street, access to the building is on the backside on Ridgewood Street. Once in the lobby, turn to the left and take the elevator to the 2nd floor. Upon leaving the elevator, turn left and our office is the first door on the right.

For those with appointments after 7 PM or weekends, I will need to greet you at the door as access to the building is restricted at those times. Please call upon arrival.

There is a lovely atrium and restaurant on the first floor and the building has 24-hour security.

PARKING

Metered street parking is available at curbside for up to 2 hours at a time. If you are just dropping something off, you can park in the small building lot on the east side of the building reserved for 15 minutes parking at no charge. Handicapped parking is also available in the same lot, however, with no time limitation.

There is a parking garage located on Ridgewood Street directly across from the backside building entrance. The entrance is midway up the street and upon entering, bear right into the garage area or proceed straight to the visitor signs. If you are parking in our garage remember to bring in your ticket, as I have paid for parking validation stickers to cover your parking fees while visiting. The parking garage is 3 stories and it is a short walk across Ridgewood Street to the building entrance.
